

Internship, Wildwood Park and Olewine Nature Center

Dauphin County Parks and Recreation is now accepting applications for summer internships. The internship offers an opportunity to gain experience working with youth while immersed in a broad spectrum of environmental education and natural history learning opportunities. The Intern will gain valuable experience by planning, participating in, leading, and evaluating programs with a focus on day camps as well as learning daily operations of a popular nature center and park. Applicants should be enthusiastic, youth-oriented and ready to have fun. Located in Harrisburg, Pennsylvania, Wildwood Park is a 230-acre urban wetland, a hub of environmental preservation that showcases the wonders of nature. More at www.wildwoodlake.org

Minimum Education, Experience, and Training Requirements: Currently earning or possessing a Bachelor's degree from an accredited college or university, with major coursework in Parks and Recreation, Environmental Education, Secondary Education, Environmental Science and/or related field(s).

Application Process: Interested candidates must complete a Dauphin County Application for Employment, printable from www.dauphincounty.org. Mail completed application along with resume and cover letter to: Wildwood Park, 100 Wildwood Way, Harrisburg, PA 17110.

Salary: \$7.62/hr.

Schedule: Applications due 5/10/2017. Internship is M – F, 8am-4pm, June 5-August 15.
