

Wildwood Park Improvement Projects 2019

When nature calls, help us answer!

Help the Friends of Wildwood match funds to support Wildwood Park Improvement Projects.

1. What is the project?

The focus is to add a permanent, eco-friendly restroom to replace the existing port-a-john near the Nature Center.

Additional improvements include:

- Hydration stations
- Interpretative signs
- Spotting scopes
- Wildwood Way Trail repairs
- Native plantings

2. How is the project funded?

In addition to \$100,000 secured dollars by Friends of Wildwood, a grant has been received from the Pennsylvania Department of Conservation of Natural Resources.

3. Are there additional sponsors of the project?

Kristen Olewine Milke and Benjamin Olewine IV, Dauphin County Parks and Recreation, Paxton Creek Watershed Education Association, and Audubon PA.

4. Why is the project needed?

The number of Wildwood Park visitors continues to grow with an increase of 40% over the past 5 years. A permanent restroom will better serve park visitors. The additional improvements will help the Friends of Wildwood continue to carry out their mission to provide conservation, recreation, and education opportunities for current and future generations.

5. Who benefits from the project?

ALL park users including babies who need a comfortable place to have diapers changed. Kids who need a clean, safe rest room which is always open. Teens and adults who need an attractive, eco-friendly facility. Seniors who need an accessible, clean, always open place. YOU!

6. How can I participate?

All donations are tax-deductible and can be made following ways:

- Through our website www.wildwoodlake.org/support/
- By mail or in person. Checks to: Friends of Wildwood
